Description:

We have all seen TV commercials on reverse mortgages, but few fully understand the concept and its real world implications. Join PCBA for a CLE on this often-advertised but rarely-explained phenomenon. Presented by Stephen Wolf, an FHA delegated underwriter and State of Arizona (ADRE) certified continuing education instructor, this CLE will focus on a variety of issues concerning reverse mortgages, including:

- The Who, What, When, Where and Why of reverse mortgages;
- Why not to consider a reverse mortgage;
- Alternatives to a reverse mortgage;
- Whether a reverse mortgage is a tool to make retirement more secure; and,
- What every attorney needs to know about the “end game.”
